

JUNE NEWS....and thanks to James for writing this article.

Ark. 1 camped at Toad Suck Park on the Arkansas River in Conway, June 17th thru 21<sup>st</sup>. We just had three rigs there: Dale and Charlene Burris, Dennis and Peggy Card and James and Linda Niblett and Joe. Wayne and Lori Thomas came up Thursday afternoon for visit and dinner Monday at Golden Corral. We visited at the park Tuesday, and I think everyone had Dr appt, I smoked a ham for Dinner Tuesday night and had a nice visit after. Wednesday morning, Joe cooked breakfast. Charlene cooked a nice roast for dinner. Friday, everyone chipped in for breakfast, then I smoked ribs for dinner. If sounds like all we did was eat, that was about it except we did do a lot of visiting and the weather was perfect all week .

With just 3 rigs I didn't have a formal meeting. Charlene is taking suggestions for camp outs next year going to try to do some different places Also for our charity this year we decided not to do the 50/50 and let everyone that wanted to make a donation along during the year. So for we haven't got any donations . Our next campout is July 8th thru the 12th at JFK. There are sites still available in D. If you don't have reservations yet, just make sure you get on the right side. It has 30 amp and water.

### Who's Coming and Going ??

There have been a few pictures appearing on facebook lately of Arkansas Ones in odd places....Like a picture of Karen Trosclair on the beach, and a comment about some shopping. Seems like she might have been with Linda and James' daughter Tina. Then there was a picture of Linda holding her great granddaughter in Tulsa...and it was followed by a picture of a newly repaired ramp at their home. Seems AJ and Karen were in on that, too!

Linda and James are off again, to JFK this week, then Bull Shoals and Murfreesboro, park hosting. They'll end up at Lake Catherine in August. Tommy and Phyllis are park hosting this week and next with Dennis and Peggy at Lake Catherine. Wayne and Lori are at Murfreesboro.

Rex, Katy, their kids and families just got back from a trip to Yellowstone.

Who did I miss? Anyone else have travel stories to share? Let me know or share with the group on facebook.
